

Brand-Enhancing Real Estate, Superior Service

“The new home for San Francisco State University’s MBA program and College of Extended Learning in the new San Francisco Centre downtown is a superior space that will move the entire program forward, and strengthens our ties with the business community. Frank Fudem at NAI BT Commercial was **outstanding** in representing our interests, and **showed professionalism**, a can-do attitude and persistence throughout what became a two-and-a-half year process. **We couldn’t be happier with the results.**”

Leroy Morishita, EdD
VP of Administration & Finance
San Francisco State University
